		FUND 3.2.2R Requirements Data point, within the Annual Report and Accounts for the year ended 31 March 2022 or otherwise stated the depositary. The use of securities settlement systems or order routing systems does not constitute a delegation by the depositary of its function.
6c	Identity of each delegate appointed	As at the date of these disclosures, the depositary has entered into a written agreement delegating the performance of its safekeeping function in respect of certain of the AIF's assets to Citibank N.A., London Branch.
6d	Any conflict of interests from such delegations	From time to time conflicts may arise from the appointment by the depositary of any of its delegates. For example, Citibank N.A., London Branch, which has been appointed by the depositary to act as custodian of certain of the AIF's assets, also performs certain investment operations and functions and derivatives collateral management functions. The depositary will ensure that any such delegates or sub-delegates who are its affiliates are appointed on terms which are not materially less favourable to the AIF than if the conflict or potential conflict had not existed. Citibank N.A., London Branch and any other delegate are required to manage any such conflict having regard to the FCA Handbook and its duties to the depositary and the AIFM. The depositary has a conflict of interest policy in place to identify, manage and monitor on an on-going basis any actual or potential conflict of interest. The depositary has functionally and hierarchically separated the performance of its depositary tasks from its other potentially conflicting tasks. The system of internal controls, the different reporting lines, the allocation of tasks and the management reporting allow potential conflicts of interest and the depositary issues to be properly identified, managed and monitored.
