

Governance

Introduction to Governance

On behalf of the Board, I am pleased to present the Company's Governance report for the financial year ended 31 March 2025.

The following pages of this report provide an insight into the activities of the Board and its Committees over the year, and how corporate governance underpins and supports our business and the decisions we make. Over the years, the Company has built a strong and robust governance structure which has proven to be invaluable during times of economic and political uncertainty.

The Board's focus throughout the year has been the continued pursuance and delivery of the Company's strategic objectives, whilst remaining responsive to a changing business environment.

This year, the composition of the Board underwent changes as part of a long-term succession programme. I would like to thank my fellow Board members for their continued support, contribution and commitment.

Richard Laing
Chair, 3i Infrastructure plc
7 May 2025

“
**Strong governance is
essential for sustainable value
creation in a changing world.**

Richard Laing
Chair, 3i Infrastructure plc

Introduction to Governance continued

Compliance with the AIC Code

The Board of 3i Infrastructure plc has considered the Principles and Provisions of the AIC Corporate Governance Code (the 'AIC Code'). The AIC Code addresses the Principles and Provisions set out in the UK Corporate Governance Code (the 'UK Code'), as well as setting out additional Provisions on issues that are of specific relevance to 3i Infrastructure plc.

The Board considers that reporting against the Principles and Provisions of the AIC Code, which has been endorsed by the Financial Reporting Council and is supported by the Jersey Financial Services Commission, provides more relevant information to shareholders.

The Board confirms that the Company has complied with the Principles and Provisions of the AIC Code (and the associated disclosures under the applicable provisions of UKLR 6.6.6 of the FCA's UK Listing Rules), insofar as they apply to the Company's business, throughout the year under review. Details of how the Company has complied with the relevant Principles and Provisions of the AIC Code are set out below.

As the Company is an investment company, it has no executive Directors and therefore no need to consider the remuneration of executive Directors. In addition, the Company does not have any internal operations (day-to-day operations have been delegated to the Investment Manager) and therefore does not have an internal audit function, though the Audit and Risk Committee considers the need for such a function annually.

The AIC Code is available on the AIC website (www.theaic.co.uk). It includes an explanation of how the AIC Code adapts the Principles and Provisions set out in the UK Code to make them relevant for investment companies.

Board leadership and purpose

The Board is responsible for leading the business in a way which supports its purpose.

- Non-executive Director of Tampnet and ESVAGT

Past roles

- Non-executive Director of Infinis
- Started career at Macquarie Capital

Board leadership and purpose continued

Company purpose, values and culture

We invest responsibly in infrastructure, delivering long-term sustainable returns to shareholders and having a positive influence on our portfolio companies and their stakeholders. Our purpose is central to Board discussions when we review our business model, financial performance and performance against strategic objectives.

The Board recognises that tone and culture are set from the top and individually we always strive to do the right thing in all stakeholder interactions. The Board individually and collectively acts in accordance with the Board values of Integrity, Objectivity, Accountability and Legacy and expects the same from the professional advisers and service providers it engages. The Chair encourages Directors to express differences of perspective and to challenge views and opinions but always in a respectful, open, supportive and collaborative fashion. Board behaviours are also evaluated as part of the annual Board performance review. The Board's culture and values are complemented by the strong institutional culture and values of our Investment Manager.

Role of the Board

The Board's role is to lead the Company in achieving its purpose. The governance framework of the Company reflects the fact that, as an investment company, it outsources portfolio management services to the Investment Manager. The Board is responsible for constructively challenging and scrutinising the performance of all outsourced activities, including of the Investment Manager. See pages 86 to 88 for further information on the Board's key decisions and areas of focus affecting stakeholders.

The Board is ultimately accountable to our shareholders, and the Directors ensure that both their decisions and the actions of the Investment Manager comply with s172 of the Companies Act 2006 to the extent they do not conflict with Jersey law (see page 73). It determines the Investment policy, the appointment of the Investment Manager, financial strategy and planning, approval of the results and dividends, and oversees the maintenance of internal controls and the risk management framework, membership of the Board, Director remuneration and adherence to the corporate governance framework.

Board leadership and purpose continued

The Company has no employees and its investment and portfolio monitoring activities have been delegated by the Board to 3i Investments plc in its role as Investment Manager. The Board ensures that the Investment Manager has the resources and capabilities to support the delivery of the Company's purpose and strategy. Under the Investment Management Agreement ('IMA') the Investment Manager has sole discretion to make decisions on investments and divestments, other than those decisions which relate to transactions which reach certain financial or other thresholds, in particular in relation to investments or divestments which represent 15% or more of the gross assets of the Company, which require Board approval. The Board also maintains a Schedule of Matters Reserved to the Board, which are considered significant to the Company due to their strategic, financial or reputational implications and consequences.

The Investment Manager prepares reports and papers that are circulated to the Directors electronically in advance of Board and Board Committee meetings. These papers are supplemented by information specifically requested by the Directors, and additional papers and presentations from the Investment Manager, Company Secretary and other professional advisers and service providers.

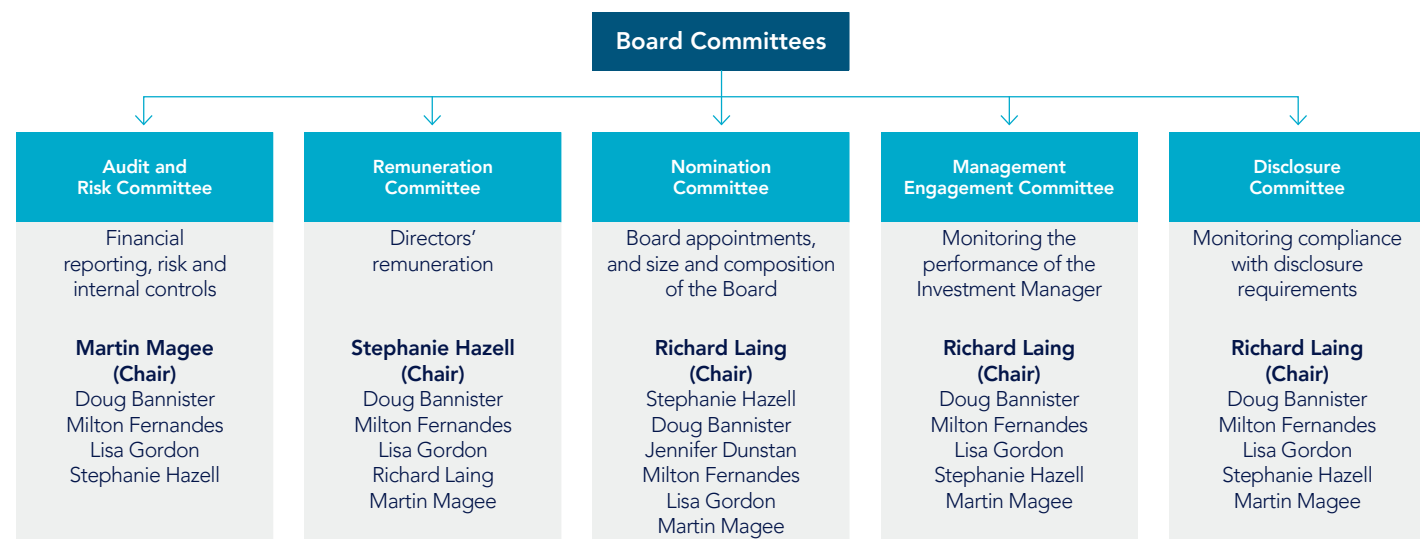

The Chair is responsible for the leadership of the Board and ensuring its effectiveness. In addition to the Chair, there are currently five independent non-executive Directors and one 3i Group nominated Director, who is not considered independent. The Board's core values underpin its open and collaborative culture and are supplemented by the skills that each individual Director brings to the Company.

Board Committees

The Board is assisted in its activities by a number of standing Committees of the Board and, in discharging its duties, it delegates certain authorities and decisions to these Committees. The Board reviews the membership of these Committees on a regular basis. The Board Committee structure, together with a summary of the roles and composition of the Committees, is outlined in the table below.

All Committees have Terms of Reference, which are available on www.3i-infrastructure.com. The Board, on the advice of the Company Secretary, annually reviews the Committees' Terms of Reference and the Schedule of Matters Reserved to the Board to ensure they remain appropriate and compliant with the legal and regulatory environment.

3i Infrastructure plc

Board leadership and purpose continued

Meetings

Directors are expected to attend all Board and Committee meetings, but in certain exceptional circumstances, such as pre-existing commitments or illness, it is recognised that Directors may be unable to attend. In these circumstances, the Directors receive relevant papers and, where possible, will communicate to the Chair or Company Secretary any comments and observations in advance of the meeting for raising as appropriate during the meeting. They are updated on any developments after the meeting by the Chair of the Board or Committee, as appropriate.

During the year, there were six scheduled meetings of the Board of Directors. The Board has regular update calls with the Investment Manager in order to stay informed of the activities of the Company and Investment Manager between Board meetings.

The Board also holds an annual Strategy Day to allow deeper discussion of strategic matters and which includes presentations from the Investment Manager and other advisers on key areas of the business. Actions from the day are considered throughout the year.

Meetings of the Board and its Committees

The table below sets out the attendance of the Directors at the scheduled Board meetings (excluding ad hoc Board meetings) and the attendance of Committee members at the relevant Committee meetings held during the financial year.

	Board	Audit and Risk Committee	Remuneration Committee	Nomination Committee	Management Engagement Committee
Richard Laing	6 (6)	— ¹	1 (1)	6 (6)	2 (2)
Doug Bannister	6 (6)	3 (3)	1 (1)	4 (4)	2 (2)
Wendy Dorman ²	3 (3)	1 (1)	—	2 (2)	1 (1)
Milton Fernandes ³	3 (3)	2 (2)	1 (1)	3 (4) ³	1 (1)
Lisa Gordon ⁴	—	—	—	—	—
Stephanie Hazell	6 (6)	3 (3)	1 (1)	6 (6)	2 (2)
Samantha Hoe-Richardson ⁵	3 (3)	0 (1)	—	—	0 (1)
Jennifer Dunstan	6 (6)	—	—	4 (4)	—
Martin Magee	6 (6)	3 (3)	1 (1)	4 (4)	2 (2)

¹ Richard Laing attends the Audit and Risk Committee meetings by invitation.

² Wendy Dorman retired from the Board effective 4 July 2024.

³ Milton Fernandes was appointed to the Board effective 15 July 2024, and was unable to make one meeting due to prior commitments made before his appointment.

⁴ Lisa Gordon was appointed to the Board effective 11 March 2025.

⁵ Samantha Hoe-Richardson retired from the Board effective 4 July 2024.

The table above indicates the number of meetings attended and, in brackets, the number of meetings the Director was eligible to attend. Directors are invited to attend the meetings of Committees of which they are not members.

No Disclosure Committee meetings were convened during the year. On occasion and where appropriate, the Board itself considered matters relating to the treatment of price-sensitive information, rather than convening a separate Disclosure Committee.

Division of responsibilities

In compliance with the AIC Code, the Board has established an Audit and Risk Committee, a Nomination Committee and a Remuneration Committee, in addition to a Management Engagement Committee and a Disclosure Committee. This structure allows the Board to focus on matters of strategic importance with authority for specific matters being delegated to Committees. Each Committee Chair provides regular reports to the Board on the matters covered at each Committee meeting.

To ensure that the Board performs effectively, there is a clear division of responsibilities between Board roles, set out in writing and agreed by the Board. Key roles have been defined in greater detail opposite:

Role	Responsibilities
Chair	<p>As Chair, Richard Laing:</p> <ul style="list-style-type: none"> • leads the Board in the determination and implementation of its purpose and strategy; • promotes a culture of responsibility, scrutiny, challenge and support in Board meetings, underpinned by the Board values of Integrity, Objectivity, Accountability and Legacy; • is responsible for organising the business of the Board, ensuring its effectiveness and setting its agenda; • facilitates the effective contribution of all Directors; • actively encourages constructive relations between the Company's advisers, the Investment Manager, and the Directors; • ensures that the views of all stakeholders are understood and considered appropriately in Board discussions and decision making; and • leads the Board and Committee performance reviews (except his own performance evaluation).
Senior Independent Director	<p>As Senior Independent Director, Stephanie Hazell:</p> <ul style="list-style-type: none"> • acts as a sounding board for the Chair; • supports the Chair in the delivery of his responsibilities; • acts as an intermediary with the Chair for the other Directors and shareholders; • leads the appraisal of the Chair's performance with the non-executive Directors; and • is available to address shareholders' concerns that have not been resolved through the usual channels of communication.
Non-executive Directors	<p>The remaining non-executive Directors:</p> <ul style="list-style-type: none"> • provide constructive challenge during discussions and offer strategic guidance to the Board; • bring independent judgement to the consideration of issues of strategy, performance, investment appraisal, communication matters and standards of conduct; • ensure high standards of financial probity on the part of the Company; and • scrutinise the performance of the Company and progress against strategic objectives.
Company Secretary	<p>3i plc serves as the Company Secretary under the terms of the IMA. 3i plc's Group Secretariat:</p> <ul style="list-style-type: none"> • ensures compliance with Board procedures and corporate governance best practice; • provides corporate governance advice and guidance to the Board and keeps the Board updated on corporate governance developments; • assists the Chair with meeting preparation; and • ensures that the Board has access to timely, high-quality information in order to function effectively and efficiently.

Each of the Directors has an appointment letter, copies of which are available from the Company Secretary upon request. No Director has a contract of employment with the Company, nor are any such contracts proposed. The Directors' appointments can be terminated, without compensation for loss of office, in accordance with the Company's Articles of Association (the 'Articles').

The Articles further specify that each of the Directors shall retire and may offer themselves for election or re-election at each AGM of the Company. Following the formal appraisal process of Directors, and in accordance with Provision 7.2, paragraph 23 of the AIC Code, the Board will propose the re-election of Richard Laing, Jennifer Dunstan, Stephanie Hazell and Martin Magee. Milton Fernandes and Lisa Gordon will both stand for election for the first time, having been appointed to the Board respectively in July 2024 and in March 2025. Doug Bannister will not be putting himself forward for re-election. For further information on the Board's succession plans please see pages 92 and 93 of the Nomination Committee report.

Stakeholder interests and Board decision making

As an externally managed investment trust, the Company does not have employees or customers. Its main stakeholders therefore comprise its shareholders, third-party professional advisers and service providers (most notably the Investment Manager), portfolio companies, lenders, and government and regulatory bodies. A strong understanding of our stakeholders and their views is integral to the Company's strategic planning and achievement of its strategic objectives. The Board has limited direct engagement with stakeholders as most engagement takes place through the Investment Manager. The Investment Manager regularly reports to the Board on stakeholder views to ensure that Board decisions are well informed.

Stakeholders may contact the Chair or any other Board member via the Company Secretary or the Investment Manager. Set out below are examples of the Board's key decisions and areas of focus over the last year, and details of how the interests of stakeholders were taken into account. See page 73 for our s172 statement.

Stakeholder	Approach to engagement and consideration of stakeholder interests	Board actions impacting shareholders	Outcome
Shareholders	<ul style="list-style-type: none"> Investor relations activities, including roadshows by the Investment Manager and the Company's brokers Capital Markets Day Investor perception study undertaken by Rothschild Analysis of shareholder register presented and reviewed at each Board meeting Updates at every Board meeting on investor engagement in the period Regular presentations to the Board by the Company's brokers Regular invitations to engage with the Chair, Senior Independent Director or Chairs of Committees via the Company's brokers Annual General Meeting where Directors are available to answer questions The Company's website provides details of forthcoming events for shareholders and analysts, videos of results presentations, presentations from the Capital Markets Day, and portfolio activities 	<ul style="list-style-type: none"> The approval of the Half-yearly results and Annual report and accounts The approval of the interim and final dividend and the target for the subsequent year's dividend Consideration of strategy and business model in the context of the external economic and political environment Regular reviews of balance sheet strategy and liquidity. See our Financial review on page 42 Oversight of risk management, principal risks and mitigations and the effectiveness of the internal control framework to protect shareholder investment. See the Risk report on page 60 and the Audit and Risk Committee report on page 96 for further information on risk management and controls Consideration of public relations plan 	<p>The Board's intention is to foster an open, two-way communication with the Company's shareholders. The Investment Manager's extensive Investor Relations programme enables investors to understand the Company's performance, assists them in making their investment decisions, and provides them with an opportunity to engage with senior members of the Investment Manager's team and Board members (should they request engagement). During the year, the Chair met with investors who had requested engagement meetings. All feedback from investors is discussed at Board meetings. The Board considered wider media and digital channel engagement, and the impact of AI on future communication priorities. The Board received an investor perception presentation from Rothschild, and gained a deeper understanding of investor views as well as how the Company may better engage with shareholders.</p>
Investment Manager	<ul style="list-style-type: none"> At each Board and Audit and Risk Committee meeting, representatives from the Investment Manager present verbal and written reports covering their activity, including portfolio and investment performance over the preceding period The Board and the Chair have regular scheduled update calls and informal meetings with the Investment Manager between Board meetings Monitoring the relationship with and performance of the Investment Manager by the Management Engagement Committee The Investment Manager provides the Board with regular updates on its team composition and any changes 	<ul style="list-style-type: none"> Assessment of the performance of the Investment Manager Approval of the continued appointment of the Investment Manager. For further details see the Management Engagement Committee report on page 102 Review and approval of fees paid to the Investment Manager under the IMA to ensure that they are fair and reasonable 	<p>The Company's principal service provider is the Investment Manager, which is responsible for managing the Company's assets in order to achieve its stated investment objectives. The Directors believe that fostering constructive and collaborative relationships with the Investment Manager will assist in their promotion of the success of the Company for the benefit of all shareholders. This ensures that the Company and its portfolio assets are well managed, the Company adheres to its strategy, and the Board receives appropriate and timely management and support services from the Investment Manager.</p>

Stakeholder interests and Board decision making continued

Stakeholder	Approach to engagement and consideration of stakeholder interests	Board actions impacting shareholders	Outcome
Other professional advisers and service providers	<ul style="list-style-type: none"> Annual review and monitoring of both the arrangements that are in place with all key third-party service providers and their performance Key service providers attend Board and Committee meetings as appropriate to advise the Board on specific matters The Company's brokers present to the Board at least annually to advise on all aspects of their remit, particularly in relation to feedback from shareholders and potential investors. This year, the brokers have provided specific advice to the Board and the Investment Manager on the Company's access to liquidity The Company's Jersey administrator attends each Audit and Risk Committee meeting and presents its compliance report at each such Committee meeting 	<ul style="list-style-type: none"> Annual review of the anti-money laundering procedures, sustainability procedures and business continuity arrangements for all service providers in order to assess their performance and consider the appropriateness of their continued appointment. See the Audit and Risk Committee report on page 96 for further discussion on the annual review of professional service providers Hogan Lovells provided a training session to the Board focusing on Directors' duties, a refresher on the Company's IMA as well as recent regulatory developments relevant to the Company 	The Company contracts with professional advisers and third parties for services, including the external auditor, the brokers, the depositary, legal advisers, the financial adviser, the financial PR adviser, the Registrar, the Jersey administrator, and with 3i plc for company secretarial, treasury, accounting and internal audit services. Provision of these services is necessary to ensure the Company's compliance with its legal and regulatory obligations. The key third-party professional advisers and service providers work closely day-to-day with the Investment Manager.
Portfolio companies	<ul style="list-style-type: none"> One or more of the Investment Manager's investment professionals sits on the board of each portfolio company (or acts as a board observer) and engagement with a portfolio company takes place both formally at board level and informally by the Investment Manager's team on an ongoing basis At each scheduled Board meeting, the Board reviews portfolio company performance and discusses thematic issues that affect portfolio companies, such as the impact of macroeconomic risks. See the Risk report on page 60 for further details From time to time portfolio company executives provide presentations to the Board 	<ul style="list-style-type: none"> Review of portfolio company performance and prospects Review of portfolio company valuations by the Audit and Risk Committee and approval of them by the Board Regular Audit and Risk Committee discussions with the auditor, without the Investment Manager present 	The companies in which we invest are the source of returns to shareholders. The principal engagement with portfolio companies is through the Investment Manager's team which drives value through its engaged asset management approach as detailed in our Business model on page 12.

Stakeholder interests and Board decision making continued

Stakeholder	Approach to engagement and consideration of stakeholder interests	Board actions impacting shareholders	Outcome
Government and regulatory bodies	<ul style="list-style-type: none"> At each meeting the Audit and Risk Committee receives updates from the Company's Jersey administrator on changes to Jersey law and regulation that affect the Company The Company adheres to the AIC Code and engages with the AIC on matters related to corporate governance that affect investment companies The Board receives corporate governance updates from the Company Secretary along with an annual briefing from the Company's auditor Through the Investment Manager, the Company responds to government consultations on issues relevant to its business 	<ul style="list-style-type: none"> The Company's Jersey resident Director is registered with the JFSC in compliance with updated Jersey anti-money laundering legislation The Board reviewed and approved updated Business Conduct and Anti-Money Laundering manuals in compliance with Jersey legislation The Audit and Risk Committee approved the Company's Business Risk Assessment The Board undertakes an annual review of the Company's policies, the Board's Schedule of Matters Reserved to the Board and Committees' Terms of Reference to ensure that they remain fit for purpose and adhere to best practice 	The Company continues to operate in compliance with relevant law and regulation and ensures the highest standards of corporate governance for the benefit of all stakeholders.
Lenders and hedging counterparties	<ul style="list-style-type: none"> The Investment Manager's treasury team manages the engagement with the lenders in the Company's RCF and the Company's hedge counterparties 	<ul style="list-style-type: none"> The Investment Manager presents an update on foreign exchange hedging and liquidity management at each Board meeting The Investment Manager provides an annual comprehensive treasury update to the Board 	The Company requires access to bank borrowing to maintain its financial structure and liquidity. Access to bank borrowing and hedging instruments provides important flexibility and resilience to the Company's financial structure and helps the Company to maintain an efficient balance sheet.

Composition, succession and performance review

Composition and succession

As at the date of this report, the Board consists of seven members, comprising the Chair, five independent non-executive Directors and one non-executive Director who is the 3i Group nominated Director and not considered to be independent. Biographies of the Directors are set out on pages 77 and 78. The Board considers that there is an appropriate balance of skills, experience and independence on the Board to enable it to discharge its duties.

➤ **For the Board's key skills matrix see Page 93**

The Board believes that shareholders' interests are best served by ensuring the Board is refreshed in a smooth and orderly manner, and it has a long-term succession programme in place to achieve this. The Nomination Committee plays a critical role in ensuring that the composition and balance of the Company's Board and Committees support both the Company's strategy and best practice corporate governance. During the year, the composition of the Board underwent changes as part of the Nomination Committee's succession planning activities.

➤ **For further details, see the Nomination Committee report on Pages 92 to 95**

Conflicts of interest and independence

The Board assesses and reviews the independence of each of the Directors at least annually and considers whether or not a Director has any interest, position, association or relationship which is likely to influence unduly or cause bias in decision-making in the best interests of the Company and its stakeholders.

The Board considers all Directors, with the exception of Jennifer Dunstan, who is the 3i Group nominated Director, to be independent in character and judgement, and free from conflicting business or other interests that could interfere with the exercise of their independent judgement.

The Chair was considered independent on appointment and has no relationships or arrangements which might create a conflict of interest between his interests and those of the shareholders. The Board carefully considered the Chair's tenure extension as part of the Nomination Committee's succession planning activities.

➤ **For further information see the Nomination Committee on Pages 92 to 95**

Jennifer Dunstan, the 3i Group nominated Director, has a pre-approved conflict in relation to the IMA. The Board ensures the independence of all Directors and has a range of conflict management tools available to it to manage potential or actual conflicts.

These include temporary separation or recusal from a relevant process or decision, restriction of access to certain information and sharing authority through collective decision making. In view of this practice, the 3i Group nominated Director recuses herself when matters in which 3i Group has an interest are discussed. Jennifer Dunstan is not a member of the Management Engagement Committee and did not participate in the Board's evaluation of the performance of the Investment Manager.

In accordance with the Articles and the Companies (Jersey) Law 1991, the Board can authorise any matter that would otherwise result in a Director breaching his or her duty to avoid a conflict of interest. The Company's Jersey administrator maintains a conflict register covering actual and potential conflicts and details of the Board authorisation of any conflict. When they are appointed, all Directors are required to disclose any other appointments or significant commitments. They must also notify the Chair and Company Secretary of any changes or new appointments in order for the Board to consider the time commitment required and any potential conflicts of interest prior to providing its approval for new appointments.

Board performance review

The Board recognises that it needs to continually monitor and improve its performance. The annual evaluation provides the opportunity for the Board and its Committees to consider and reflect on the effectiveness of its activities, the quality of its decision making, and the collective contribution made by each Board member.

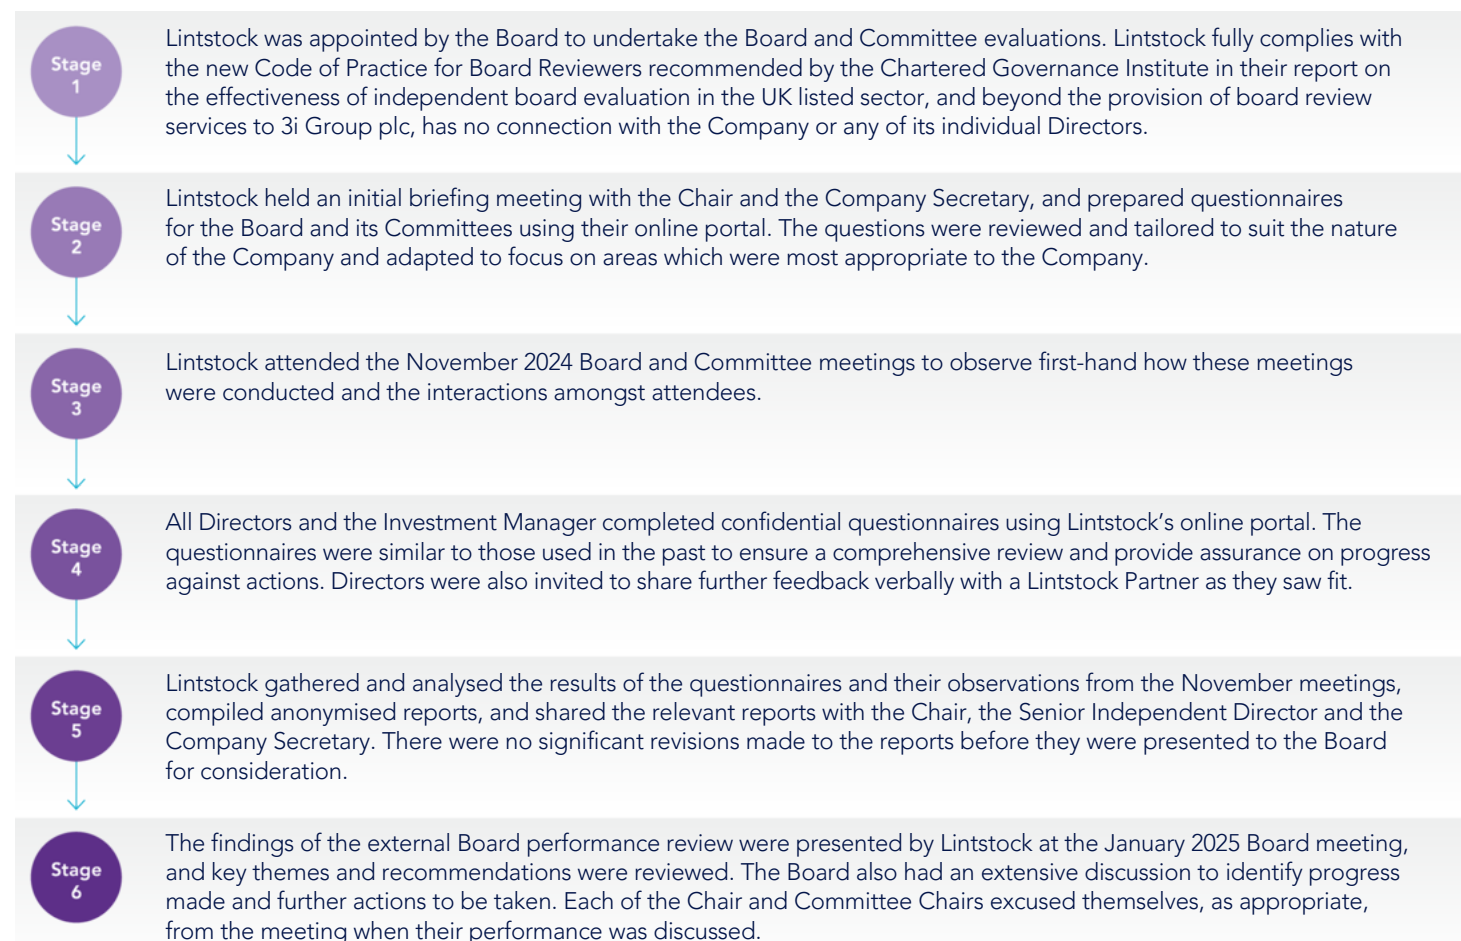

Frequency and review type

This year, the Board undertook an externally facilitated evaluation led by the Chair with the support of the Company Secretary. Committee performance was also reviewed as part of the main Board performance review. In accordance with the AIC code and best practice, requiring an externally facilitated review at least triennially, the FY25 evaluation was conducted by an independent service provider, Lintstock Limited ('Lintstock').

Composition, succession and performance review continued

Board performance review process

The performance of the Chair was evaluated by the other Directors under the leadership of the Senior Independent Director. The conclusion of the review process was that the Chair remains effective in his role, and his leadership, experience and knowledge were valued by the other Directors. The conclusions of this year's Board performance review process have been positive and confirmed that the structure and operation of the Board remains effective, with a collaborative culture enabling a suitable level of challenge and support.

The Board Committees were thought to be well-chaired and effective in discharging their respective duties with the combination of skills and experience brought by the Committee members deemed appropriate to enable informed debate and recommendations on their areas of responsibility. In particular, the following key themes were identified:

Key themes from the 2025 review

- Navigating the challenges of the external environment (including equity markets, raising capital and the business model).
- Ongoing transition in Board membership.
- Continuing to challenge themselves to ensure consistently effective decision-making.

Composition, succession and performance review continued

Review of the conclusions of the 2024 Board performance review

In January 2025, the Board also revisited the conclusions of the 2024 review to ensure that during the year it had satisfied its goal to spend more time considering the topics agreed and being cognisant of the previously agreed actions identified in discharging their duties throughout the year:

What the Board agreed from the 2024 review	What the Board did during 2024/25
The Nomination Committee and the Board should maintain their focus on succession planning, especially in relation to diversity and tenure	The Nomination Committee and the Board had dedicated additional time on the agendas to consider more frequently, and maintain their focus on, Board composition and succession planning.
Funding and liquidity planning would continue to be an area of focus	Funding and liquidity topics were present in the Board agendas and discussed at almost every Board call and meeting during the year, as well as on the Strategy Day.
Directors should continue to challenge themselves and each other to ensure effective decision-making	<p>The relatively fresh and diverse Board composition prevented groupthink from developing, which was demonstrated by the variety of responses to the Board performance review.</p> <p>The Board and Investment Manager have maintained their collaborative and constructive relationship, with both always aiming to achieve an appropriate balance of oversight and constructive challenge, whilst enabling discussion and effective decision-making.</p>

Director induction, training and development

Upon joining the Board, all Directors receive a formal induction to the Company, which is designed to enable them to understand the Company’s purpose, values and strategy, the industry in which it operates, and the portfolio companies, so that they can be effective Board members from the outset. The induction programme includes presentations on corporate governance, Director duties relevant to a Jersey-incorporated UK-listed company, meetings with the wider Investment Management team, external advisers, briefings and reading materials on tax, ESG, portfolio financing, legal, finance matters, compliance and internal audit.

During the year, Directors receive a full programme of briefings across all areas of the Company’s business, with the objective of ensuring that the Directors remain up-to-date on all issues affecting the Company.

Briefings are led by the Investment Manager, Company Secretary or external service providers and cover a wide variety of sector-specific and business issues, as well as legal and financial regulatory developments relevant to the Company and the Directors. Sessions during the year included briefings on UK corporate governance developments, changes to laws and regulations in Jersey and the UK, tax matters, fundraising, ESG developments, and developments in the infrastructure market.

Detailed briefing papers or presentations are provided at each scheduled Board meeting or at ad hoc meetings, and Directors have the opportunity for formal and informal meetings with the Investment Manager or the Company’s other advisers.

As part of their role, Directors are also expected to personally identify any additional training requirements they feel would benefit them in performing their duties to the Company. In accordance with Jersey regulations, the Directors are required to undertake sufficient, relevant and appropriate training and development each year. Directors have access to the advice and services of the Company Secretary and, when deemed necessary, the Directors can seek independent professional advice.

Composition, succession and performance review continued

Nomination Committee report

In line with the Committee's succession planning process there were a number of changes to the composition of the Board in the year.

Richard Laing
Chair, Nomination Committee

Role of the Committee

The Committee's principal responsibility is to ensure that, collectively and at any given time, the members of the Board possess the necessary balance of knowledge, skills and experience to support and develop the strategy of the Company. In seeking to achieve this, it recommends new Board appointments as and when appropriate and ensures that effective succession planning processes are in place. In accordance with the Committee's Terms of Reference, it is the Board as a whole that is responsible for making new appointments upon recommendation by the Nomination Committee.

Members of the Committee do not vote in decisions affecting their own position. During the year, the Committee reviewed its compliance with the AIC Code and its Terms of Reference and confirmed that it remained compliant with all of its corporate governance responsibilities.

The Board's range of technical, sector-relevant experience, objectivity and independence together facilitate effective decision-making. The range of key skills and experience within the Board is shown in the skills matrix in the next page and in the Director biographies on pages 77 and 78.

Composition and succession planning

As part of its review of composition and succession planning, the Committee carefully considered which skills and experience it would require on the Board over the coming years based on the current and perceived future challenges facing the Company and the tenure of all Directors. In FY25, we saw a number of changes to the composition of the Board as a result of the Committee's work.

The Board bade farewell to Wendy Dorman, who was succeeded by Martin Magee as Chair of the Audit and Risk Committee, and to Samantha Hoe-Richardson, who both retired from the Board following the conclusion of the 2024 Annual General Meeting. The Board is grateful for their years of commitment and contribution to the Company.

Doug Bannister will not be seeking re-election and will retire from the Board at the conclusion of the 2025 AGM. On behalf of the Board, I would like to thank Doug for his many years of commitment and valuable leadership.

The Committee engaged Russell Reynolds as an independent recruitment consultant to support the search for two appropriate independent non-executive Director successors. The Committee agreed the skills, experience and knowledge required for, and complementary to, the roles and approved the role specifications.

The Committee maintained its focus on gender diversity, whilst ensuring the other elements of diversity were not overlooked. Preferred candidates were selected by the Committee and formal decisions were taken to recommend their appointments to the Board, which were approved.

In July 2024, we welcomed Milton Fernandes to the Board as an independent non-executive Director. As a previous Chief Financial Officer and Managing Director of Infracapital, Milton's appointment adds depth of experience in infrastructure investment and enhanced understanding of complex financial and funding matters to the skills of the Board. His extensive executive experience and broad non-executive experience is also a complement to the Board.

Lisa Gordon was appointed to the Board in March 2025. Lisa is the current Chair of Cavendish Plc and non-executive Director of JP Morgan UK Small Cap Growth and Income Plc, and has over 30 years of wide-ranging board experience, in executive and non-executive roles in both listed and private companies. Lisa brings with her a wealth of experience in investment, mergers & acquisitions and corporate restructuring, and comes from a background in financial services.

Composition, succession and performance review continued

Nomination Committee report continued

The Board has agreed a maximum term for any Director of nine years, subject to any circumstances that might make it appropriate to extend the tenure of a Director for a limited time.

In order to facilitate succession planning, the Directors’ appointment letters provide for a formal review on the third and sixth anniversaries of first appointment to discuss whether it is appropriate to serve for a further three-year term.

The Board considers that continuity and experience add significantly to the strength of the Board. The Board also takes the view that independence is not necessarily compromised by length of tenure on the Board, so long as it is carefully considered and renewed annually.

After both Wendy Dorman and Samantha Hoe-Richardson retired from the Board following the conclusion of the 2024 Annual General Meeting, the Committee agreed that Doug Bannister should extend his term of appointment for one year to the conclusion of the 2025 Annual General Meeting of the Company to ensure an orderly period of transition with two new non-executive Directors also coming on board during the year.

The Nomination Committee and Board (excluding Richard Laing) considered the appropriateness of the extended tenure of the Chair, being fully aware that Richard had served as Chair for nine years. The Committee also noted the importance and value of having Richard’s investment trust and asset management experience on the Board. It was also well recognised that chairs of investment companies often serve beyond nine years, and that the supplementary guidance within the AIC Code (published in August 2024) notes that chairs of investment companies differs to chairs of other companies which means different considerations apply with regard to tenure.

With these in mind the Board has asked Richard Laing to stay on the Board for an additional year. This will ensure orderly succession planning and continuity on the Board during a period of transition. The Board has concluded that there are no circumstances which are likely to impact, or could appear to impact, Richard Laing’s independence and he is considered to remain an independent director. For FY26, the Committee’s focus will be on succession planning for the Chair. The process will be led by the Senior Independent Director.

Appointment process

When considering candidates for appointment as Directors of the Company, a detailed job specification and candidate profile is prepared, and consideration is given to the existing experience, knowledge and background of Board members, as well as the strategic and business objectives of the Company. It is the Company’s policy to use independent external search agencies for all Board recruitment.

Shortlisted candidates are invited to interview with members of the Committee and, if recommended by the Committee, would be invited to meet the entire Board before any decision is taken relating to the appointment. Senior members of the Investment Manager also meet potential candidates and provide their views to the Committee. The Committee is also responsible for obtaining and verifying references prior to any formal decision on appointment.

Appointments are made on personal merit and against objective criteria with the aim of bringing new skills and different perspectives to the Board whilst considering the balance of knowledge, experience and diversity.

Directors’ key skills matrix (Number of Directors)

Composition, succession and performance review continued

Nomination Committee report continued

Diversity

The Board has adopted 3i Group's Equal Opportunities and Diversity policy insofar as it is relevant to the Company having only non-executive Directors and no employees. The policy can be found at www.3i.com. The Board, with the support of the Committee, is committed to promoting greater diversity on the Board to enhance the effectiveness of the Board.

As can be seen by the graphs on this page, this commitment has led to improved gender diversity on the Board, which has achieved the target set by the FTSE Women Leaders Review of having 40% of FTSE 350 board roles filled by women by 2025.

The Committee consistently takes into consideration both the gender and ethnic balance of the Board as key factors during its current recruitment processes, and is pleased to report that, as at the date of this report, the Parker Review requirement of having at least one Director from an ethnic minority background has been met in FY25.

The framework within which the Committee assesses the composition of the Board, its Committees and future Board appointments is based on the Company's strategic objectives, regulatory requirements, the Company's status as a UK-listed, Jersey-incorporated company, and the specific functions which non-executive Directors are required to fulfil on Committees.

Following extensive interaction with the JFSC regarding the Board's succession plans and the challenges it faces in satisfying the requirement for two Jersey resident Directors, whilst also achieving the right balance of skills and diversity, the JFSC had granted the Company a variance to this requirement.

The Company is now required to have only one Jersey resident Director until further notice, which allows the Committee to recruit new Directors from a wider geographic area, leading to a more diverse pool and range of candidates.

Board members by gender

Board members' tenure

Board members by ethnicity

Composition, succession and performance review continued

Nomination Committee report continued

The Board has previously stated that it would consider redomiciling the Company to the UK under a proposed UK corporate redomiciliation regime, on which the UK government originally consulted in October 2021. The Investment Manager was contacted in April 2024 by the UK Department for Business and Trade ('DBT') to engage further on these proposals. DBT also established an expert panel to consider the detail of a possible regime, which published its report on 14 October 2024. The UK government welcomed the report and indicated there would be further consultations in due course on the details of a proposed regime. The Board continues to monitor the position.

Diversity in all its forms remains a critical consideration in the Board's succession planning processes.

In accordance with UKLR 6.6.6(9) of the FCA's UK Listing Rules ('UKLRs'), the tables on this page set out details of the diversity of the individuals on the Board at the date of this report. The UKLRs states that, for purposes of the required disclosure and assessment against targets, senior board positions consist of the chair, chief executive officer (CEO), senior independent director (SID) or chief financial officer (CFO) (UKLR 6.6.6(9)(a)(ii)).

The UKLRs makes provision for closed-ended investment funds, such as the Company, which do not typically have a CEO or CFO, to not report against the target to have at least one of the senior board positions held by a woman if it is "inapplicable". The Board considers the role of the Chair of any of its permanent Committees to be senior positions on the Board.

Stephanie Hazell is the Chair of the Remuneration Committee and Senior Independent Director. The Board therefore complies with the target of having at least one senior Board position held by a woman.

Richard Laing

Audit, Risk and Internal Control

Audit and Risk Committee report

The Committee ensures the integrity of the financial reporting, audit, risk management and internal control processes.

Martin Magee
Chair, Audit and Risk Committee

Chair's introduction

I am pleased to present the Audit and Risk Committee report for the year ended 31 March 2025. This is my first report since succeeding Wendy Dorman following the conclusion of the 2024 AGM.

The Committee remains committed to serving the interests of our shareholders and stakeholders by providing independent oversight. Through our engagement with the Board, the Investment Manager, and the external auditor, we focus on ensuring the integrity of the financial reporting process and audit processes, and the effectiveness of internal controls and risk management systems and compliance with relevant regulations. Additionally, we maintain an ongoing review of the quality of the work and independence of the external auditor.

The Board considers that at least two members have recent and relevant financial experience and that the Committee as a whole possesses the requisite financial, risk management, internal control, commercial and sector experience to fulfil its mandate effectively. While the Chair of the Board is not a Committee member, he attends meetings by invitation.

Throughout the year, the Committee holds three scheduled meetings, aligning with the Company's reporting cycle. These meetings follow an annual work plan based on the Committee's Terms of Reference, supplemented by specific business requirements.

Regular attendees include the Board Chair, Jennifer Dunstan, representatives from the Investment Manager's team, the external auditor Deloitte LLP ('Deloitte'), and the Company's Jersey administrator, Aztec Financial Services (Jersey) Limited ('Aztec').

In addition to the scheduled Committee meetings, I, as Committee Chair, engage in regular discussions with the Investment Manager, Deloitte and Aztec. Updates on the Committee's activities are provided at the scheduled Board meetings.

As part of the overall evaluation of the Board and its Committees, the Committee's performance, including that of its Chair, is assessed annually, as detailed on pages 89 to 91. The Committee has consistently demonstrated strong performance and has effectively discharged its responsibilities.

Role of the Committee

The Committee's Terms of Reference, which define its responsibilities, are reviewed at least annually to ensure their continued relevance and effectiveness.

The primary function of the Audit and Risk Committee is to support the Board by establishing, reviewing, and monitoring policies and procedures that uphold the integrity of financial and narrative reporting, maintain the independence and effectiveness of the external auditor, and ensure the effectiveness of the system of internal controls and of the risk management framework.

The Committee also advises the Board on the Company's overall risk appetite, the principal and emerging risks the Company is facing and the implementation and effectiveness of controls. In addition, the Committee manages the relationship with the external auditor, reviews the scope and terms of its engagement, and monitors its performance through regular effectiveness reviews.

As part of the Committee's role in scrutinising investment valuations, the Committee reviews and challenges the Investment Manager's semi-annual valuation assumptions, judgements, and the resulting valuations of the Company's underlying infrastructure portfolio. Further details on the Committee's role in scrutinising investment valuations can be found on page 97.

Internal audit

Although not required under the AIC Code, the Committee assesses annually the need for an internal audit function. After careful consideration, it has determined that both the Company's and the Investment Manager's existing systems, processes, and procedures, including regular reporting by the Investment Manager's internal audit and compliance functions, provide adequate assurance regarding risk management and internal control. Consequently, the Committee has concluded that a separate internal audit function for the Company is not required, and this decision was subsequently approved by the Board.

Audit, Risk and Internal Control continued

Audit and Risk Committee report continued

Financial and narrative reporting

The Company, through the Investment Manager, has established internal control and risk management arrangements to support the accuracy and integrity of its financial and narrative reporting. These arrangements are designed to ensure that the Company's Half-yearly report and Annual report and accounts comply with all applicable standards. The Committee reviewed significant accounting matters and the accounting disclosures within these reports, providing recommendations to the Board as necessary.

In accordance with its Terms of Reference, the Committee also reviewed the non-financial reporting elements of the Half-yearly report and Annual report and accounts, including matters relating to ESG, and made appropriate recommendations to the Board.

Fair, balanced and understandable ("FBU") reporting

The Committee considered the requirements set out in the AIC Code, particularly focusing on whether this year's Annual report and accounts met the criteria of being fair, balanced and understandable. It ensured that the financial reporting was comprehensive and consistent with the Board's assessment of the Company's performance during the financial year.

As part of this evaluation, the Committee ensured that the Annual report and accounts provided shareholders with a clear and accurate representation of the Company's financial position, performance, strategy, and business model. Additionally, it reviewed the description of the Company's KPIs.

The Committee's FBU process consists of reviewing the Annual report and accounts at various stages of its production, reviewing confirmation of the factual verification process by the Investment Manager and Company Secretary, and reviewing the work of the external auditor.

Key accounting estimates and judgements

An important responsibility of the Committee is to review and approve key estimates, judgements and assumptions that impact the Financial statements. The key areas of judgement are outlined on this page. After receiving reports regarding the significant estimates and matters of judgement from the Investment Manager, and following consideration of Deloitte's audit report, the Committee concluded that the judgements applied were appropriate and accurately reflected in the Annual report and accounts. For more detailed information on the Company's accounting policies, please refer to pages 128 to 137.

Valuation of the investment portfolio	<p>The Committee noted that this year there were no changes to the principles of valuation which have been consistently applied. All unquoted assets were valued using a discounted cash flow approach.</p> <p>The Weighted Average Discount Rate of the portfolio remained unchanged at 11.3% (11.3% at March 2024).</p> <p>The Committee considered the current and projected performance of the portfolio companies, the cash flow projections and level of discount rates. Other factors considered included the transactional evidence resulting from the sale of Valorem and the syndication of Future Biogas during the year.</p> <p>As the Company's Alternative Investment Fund Manager, the Investment Manager is responsible for providing a properly prepared and independently challenged valuation of the investment portfolio. The Committee noted that 3i Investments plc's Infrastructure Valuations Committee operates independently from the Investment Manager's fund management activities and had approved the investment portfolio valuation as at 31 March 2025. Detailed discussions with the Investment Manager and external auditor, including the external auditor's valuation expert, confirmed that the Investment Manager consistently applied the valuation principles to the investment portfolio, leading to the recommended valuations for Board approval.</p>
Interest streaming	<p>For an approved investment trust that has taxable profits arising from net interest income, the UK tax rules provide an option to treat a part of the dividends it pays as interest. The Committee decided to designate 6.325 pence of the 6.325 pence interim dividend and 5.5 pence of the 6.325 pence final dividend payable as an interest distribution.</p>
Investment entity consideration	<p>The Committee annually reviews the assessment that the Company continues to meet the criteria of an investment entity.</p>
Calculation of the management and performance fees payable to the Investment Manager	<p>The Committee undertook a detailed review of the management and performance fee calculation. The Committee also had access to a review of the calculation of the management and performance fee carried out by the internal audit function of the Investment Manager and engaged the external auditor to perform additional agreed-upon-procedures work in relation to the inputs to the management and performance fee calculation.</p>
Valuation of derivative financial instruments and other receivables	<p>The Committee considered and agreed with the Investment Manager's valuations in relation to derivative financial instruments and other receivables.</p>

Audit, Risk and Internal Control continued

Audit and Risk Committee report continued

In addition to the matters outlined above, the Committee also reviewed the following areas:

- the use of Alternative Performance Measures ('APMs') and the balance between APMs and GAAP measures within the Annual report and accounts (see pages 49 and 50 for further details on our use of APMs);
- the appropriateness of the sensitivity rates applied in Note 7 of the Financial statements;
- post-balance sheet events; and
- other presentational changes within the report aimed at enhancing clarity for users.

The Committee presented its findings to the Board and advised that, in its view, the Annual report and accounts, when considered as a whole, were fair, balanced and understandable. Additionally, the Committee confirmed that, to the best of its knowledge, there was no relevant audit information of which the external auditor was unaware. It also confirmed that all reasonable steps had been taken to identify any relevant audit information and ensure that the external auditor was aware of such information. Additionally, the Committee affirmed that the Annual report and accounts provided shareholders with the necessary information to assess the Company's financial position, performance, business model and strategy.

External auditor

The Committee holds primary responsibility for overseeing the Company's relationship with Deloitte. This includes conducting annual assessments of Deloitte's performance, effectiveness, and independence.

At the Company's Annual General Meeting in July 2024, shareholders approved Deloitte's reappointment as the external auditor for the year ended 31 March 2025, following a competitive external auditor selection process in 2017. Stephen Craig has served as the audit partner for Deloitte since the conclusion of the 2022 audit.

The Committee reviewed and monitored Deloitte's execution of the audit plan, reviewed its report on the half-yearly results, and considered its report on the FY25 audit. It discussed all significant matters identified in Deloitte's final report on the FY25 audit, including key accounting judgements made by the Investment Manager and the Investment Manager's responses to audit findings.

External auditor effectiveness

The Audit and Risk Committee evaluated the effectiveness of the external audit process for FY24. This evaluation considered factors such as performance, objectivity, independence and relevant experience. This assessment was informed by reports and presentations from the external audit team, as well as discussions with the Investment Manager to gain further insights into the external auditor's performance.

Key factors monitored by the Committee included the external auditor's independence and objectivity, taking into consideration relevant professional and regulatory requirements. Additionally, the quality of the audit process, and the use of Deloitte's valuation practice to support the audit of the portfolio valuations, were reviewed. The technical expertise of Deloitte's audit team and staff continuity were also taken into account.

The Committee reviewed a memorandum from the Investment Manager on the effectiveness, independence and objectivity of the external auditor. This included the external auditor's insights on areas where they believed the audit process could be improved. Furthermore, it considered Financial Reporting Council ('FRC') 2016 Guidance to Audit Committees when assessing the overall effectiveness of the audit process, and also complied to the extent applicable, with the provisions of the FRC's Audit Committees and the External Audit Minimum Standard 2023 during the year.

Specific observations related to the external auditor include:

1 Assessment against the audit plan

- there were no discrepancies between the views of the Investment Manager, the Company, and the external auditor regarding accounting treatment;
- the audit partner maintained a high level of engagement throughout the audit process;
- the external auditor adhered to the agreed audit plan, addressing identified risks and any subsequent risks identified;
- continuity within the audit team was maintained during the audit of the Company's subsidiaries; and
- the audit process was conducted in alignment with the established audit plan.

Audit, Risk and Internal Control continued

Audit and Risk Committee report continued

2 Evaluation of audit quality

Following the FRC's Audit Committees and the External Audit Minimum Standard 2023, the Committee considered key elements supporting sound judgement by the auditor:

- (i) Mindset and culture
- (ii) Skills, character and knowledge
- (iii) Quality control
- (iv) Judgement

In making its evaluation, the Committee noted the following in respect of the external auditor:

- the work carried out by the external auditor to address the risks identified in their audit plan and any subsequent risks that had later been identified;
- the external auditor's focus on valuation assumptions, particularly for DNS:NET and its revised business plan;
- the detailed audit procedures performed on the calculation of management and performance fees;
- the review of disclosures required for the resilience statement and the additional disclosures related to key estimation uncertainties, including cash flow and terminal value assumptions;
- the application of data analytic tools to support the audit process;
- the level and quality of challenge provided by the external auditor throughout the audit;

- a good knowledge of accounting standards, governance requirements, and the infrastructure market;
- a robust and perceptive approach to assessing key accounting and audit judgements;
- the quality of responses to questions from the Committee;
- the support received by the external auditor from their technical team;
- the external auditor's focus on ensuring compliance with UK Investment Trust Regulations and the AIC Statement of Recommended Practice;
- the final audit report demonstrated a thorough understanding of the Company's business and provided granularity regarding the valuation assumptions; and
- the FRC's Audit Quality Review (AQR) team assessed Deloitte's audit of the Company's 2024 Financial statements as part of its annual inspection of audit firms. The Committee reviewed the AQR team's final report, which highlighted no key or other findings and recognised several areas of good practice.

Non-audit services and external auditor independence

The Company's policy on non-audit services is reviewed annually to ensure that any such services provided by the external auditor do not compromise their independence or objectivity. To maintain these safeguards, all non-audit work undertaken by the external auditor for the Company and its subsidiaries must receive prior approval from the Chair of the Audit and Risk Committee.

As a general rule, the external auditor does not engage in investment-related work. However, exceptions may be permitted if the work serves an affiliate of the Company (and indirectly benefits the Company) or pertains to reporting accountant work, such as during a capital raise. Additionally, in accordance with Deloitte's internal controls, any non-audit services provided by Deloitte to its audit client must be approved by the audit partner.

Deloitte and its associates rendered non-audit services to the Company, totalling £109,454 for the year to 31 March 2025 (2024: £103,902). These services included agreed-upon procedures relating to management and performance fees (£9,340), sustainability KPIs for the RCF reporting (£32,076) and a review of the interim financial statements (£68,038), which are audit-related in nature.

During this financial year, in line with the Company's policy, Deloitte provided non-audit services to certain unconsolidated investee companies. The fees for these services are typically borne by the respective investee companies or unconsolidated subsidiaries and are therefore not included in the Company's expenses.

When assessing the external auditor's independence, the Committee considers the total fees paid to the external auditor, irrespective of whether they are borne by the Company or the investee companies.

Conclusion

The Committee concluded that the external auditor remained independent, and the audit was effective, and that a resolution be proposed to shareholders recommending the re-appointment of Deloitte at the 2025 AGM.

Updated corporate governance code requirements

The Company adheres to the updated AIC Code (adapted to the new UK Corporate Governance Code) issued in August 2024. The Committee has made the necessary amendments to the Committee's Terms of references to include application of the Audit Committees and the External Audit: Minimum Standard 2023.

The Committee intends to further assess any other amendments to the Committee's Terms of Reference and procedures impacted by Provision 34 of the AIC Code, relating to the monitoring of the Company's risk management and internal control systems and their effectiveness, when it comes into effect for accounting periods beginning on or after 1 January 2026.

Audit, Risk and Internal Control continued

Audit and Risk Committee report continued

Risk management and internal control

The Board holds ultimate responsibility for the Company's risk management and internal control framework, which includes defining the nature and extent of principal risks it is willing to accept to achieve its strategic objectives.

The Company's comprehensive risk management and internal control process is regularly reviewed by the Audit and Risk Committee and complies with the FRC's 'Guidance on Risk Management, Internal Control and Related Financial and Business Reporting'.

Throughout the year, the Committee focused on evaluating the Company's risk management procedures, primarily based on the assessment of principal risks and uncertainties outlined in the Risk report on pages 60 to 72.

Key actions undertaken by the Committee included:

- conducting a comprehensive review of the risk register as part of the three-year risk review cycle, (for further details on the risk review cycle see pages 63 and 64). This process involved identifying principal, key and emerging risks facing the Company, assessing their impact and likelihood, ensuring alignment with strategic objectives, and updating the risk register and risk matrix as needed;
- carrying out detailed risk reviews, as documented in the Risk report on pages 60 to 72;
- proactively identifying new and emerging risks;
- reviewing the risk log during Committee meetings, and engaging with the Investment Manager to address risks recorded in the log;
- assessing the adequacy and effectiveness of controls and mitigations for each principal risk;
- considering risk-related disclosures within the Annual report and accounts; and
- evaluating the resilience and viability statements, including the reverse stress test analysis (for further details see pages 70 to 72).

A structured process of monitoring and oversight is embedded within the Company's delegated authority framework through the Board and its Committees, including the Audit and Risk Committee. The Company relies on third-party service providers for critical functions such as investment management, financial and treasury services, and administrative support. Each of these service providers maintains its own operational risk management framework and internal controls. To ensure independence, their internal audit teams conduct independent monitoring.

The Company receives reports from its service providers on their internal control processes, including the following:

- the Investment Manager's Internal Audit and Group Compliance functions perform an annual independent review of its Infrastructure business line operations;
- the Committee reviewed reports concerning the Investment Manager's IT framework, focusing on 3i's cyber maturity and overall IT security;
- given the nature of 3i's business, there are no critical IT dependencies for day-to-day operations. Since the last review, 3i's IT governance, infrastructure and operations have remained stable, demonstrating strong system performance and reliability, with no reported outages or cyber security incidents. The Company relies on its service providers to disclose any significant cyber-attacks or potential breaches of Company information;

- the Committee also reviewed a report on 3i's European infrastructure team. The review scope covered the ongoing application of investment procedures, portfolio management processes, progress on sustainability objectives, implementation of sustainability strategies, GHG emissions reporting, and the management of the Company's operating structure. Additionally, the review included monitoring the Company's investment trust status and compliance with AIFMD and Alternative Investment Fund Managers Regulations 2013. The overall opinion on the control environment was unqualified, with no material issues or urgent actions identified;
- a comprehensive review of 3i's treasury processes was conducted, which did not reveal any significant findings. Other service areas, such as tax, are reviewed on a two- to three-year rotational basis;
- the Company's Registrar provides an annual independent report on its internal controls, specifically covering registrar services. This is completed in accordance with Technical Release AAF 01/20 and is reviewed by the Board, Company Secretary, and Investment Manager. For the year under review, no weaknesses in controls were identified;

Audit, Risk and Internal Control continued

Audit and Risk Committee report continued

- the Company's Jersey administrator, Aztec, provides an annual report detailing its internal control framework, demonstrating its approach to risk management and internal controls. As a regulated entity under the Jersey Financial Services Commission ('JFSC'), Aztec is required to submit an annual directors' declaration to the JFSC, detailing any material breaches of the Codes of Practice for Fund Services Business, along with audited accounts, an auditor's opinion, and an ISA 260 letter. During the year, Aztec received an unqualified ISAE 3402 report and was also re-certified under ISO 27001. These global assurance standards validate the robustness of Aztec's internal controls and information security, providing additional assurance to clients; and
- Deloitte provides an audit update report, assessing the design and implementation of key controls it has identified in relation to its audit.

Other internal control measures

Aztec was appointed as the Company's Jersey administrator in December 2022. The Company's Compliance Officer, Money Laundering Reporting Officer and Money Laundering Compliance Officer is an employee of Aztec. At each Audit and Risk Committee meeting, the Compliance Officer presents a compliance report, which the Committee reviews within the context of the delegated investment management and support services. The compliance report provides the Committee with confirmation that 3iN's Jersey legal and regulatory obligations are being met.

The Committee approves an annual compliance monitoring plan to monitor 3iN's adherence to the relevant Jersey legislative and regulatory requirements. The compliance report includes the results of the compliance monitoring plan which tests that 3iN has robust arrangements for compliance with the regulatory requirements. No areas of concern were identified during the year.

On the recommendation of the Compliance Officer and the Money Laundering Compliance Officer, the Board approved updates to several key manuals and processes during the year, including:

- Conduct of Business Manual;
- Anti-Money Laundering Manual; and
- Financial Crime Risk Assessment.

The Company Secretary ensures the Board is informed of updates to policies not covered by the Conduct of Business Manual or the Anti-Money Laundering Manual. These include the Non-audit services policy, Whistleblowing policy, Treasury policy and 3i Group's Equal opportunities and diversity policy, which are relevant to the Directors.

The Chair of the Audit and Risk Committee also engages periodically with the Compliance Officer and 3i Group's Heads of Internal Audit and Compliance. These discussions provide updates on the Investment Manager's internal audit and compliance processes, ensuring continued oversight and governance.

As a result of these reviews, the Audit and Risk Committee was able to confirm to the Board that the Company's internal controls were working effectively and no weaknesses or inefficiencies had been identified.

Other matters

Other specific matters reviewed by the Committee during the year were:

- the Committee's Terms of Reference; and
- the Company's compliance with its regulatory obligations in the UK as a listed entity and in Jersey where it is registered.

Finally, I would like to thank my fellow Committee members for their support in my first year as Chair of the Committee.

Martin Magee

Chair, Audit and Risk Committee

Relationship with Investment Manager

Management Engagement Committee report

Effective oversight and a strong relationship with the Investment Manager are key to the continued success of the Company.

Richard Laing

Chair, Management Engagement Committee

The principal function of the Management Engagement Committee is to consider, and recommend to the Board, whether the continued appointment of the Investment Manager is in the best interests of the Company and its shareholders and to give reasons for its recommendation.

Its remit includes managing all aspects of the performance of and relationship with the Investment Manager. The Committee also reviews the terms of the Investment Management Agreement ('IMA').

Investment Manager

The Investment Manager is responsible for the implementation of the agreed Investment policy and for investment or divestment decisions, subject to the investments or divestments remaining within certain thresholds.

Where the value of investments or divestments is above the agreed threshold, the Board is responsible for approving these transactions.

The Investment Manager keeps the Board regularly updated on the progress of the deal pipeline, and proposed and completed transactions.

The Investment Manager discusses with the Board potential investment opportunities and proposed divestments, whether or not they are within the Investment Manager's delegated authority.

The Investment Manager undertakes origination activities, manages the Company's funding and hedging requirements, and manages funding requirements of the investment portfolio, all of which is governed by the terms of the IMA.

Relationship with Investment Manager continued

Management Engagement Committee report continued

Fees under the IMA consist of a tiered management fee that is time weighted, a one-off transaction fee of 1.2% payable in respect of new investments, and a performance fee that is paid on a phased basis and subject to future performance tests.

The applicable tiered management fee rates are shown in the table below:

Gross investment value	Applicable tier rate
Up to £1.25bn	1.4%
£1.25bn to £2.25bn	1.3%
Above £2.25bn	1.2%

The IMA is terminable on service of 12 months' notice by either party. Further details on the management and performance fees, and the relationship between the Company, 3i Investments plc and 3i Group are described in more detail in Note 18 in the Financial statements on pages 157 and 158.

During the year, the Committee assessed the overall relationship with the Investment Manager and:

- monitored and reviewed the Investment Manager's performance against the Company's strategy and the general market conditions;
- reviewed the quality, timeliness, accuracy and relevance of the information provided to the Board, including recommendations on new investments and divestments and reviews of portfolio company performance;
- reviewed the level of performance of the portfolio relative to the Company's peer group;
- evaluated the quality and depth of experience of the investment management team;
- reviewed reports from industry analysts, comparing the performance of listed infrastructure investment companies, including an analysis of the terms of their management agreements and fees charged relative to their investment objectives;
- reviewed the fees charged to the Company by the Investment Manager for the provision of its management services; and
- reviewed non-investment services provided by the Investment Manager.

Following its assessment, and based on the continued good performance of the Investment Manager, the Committee recommended to the Board, and the Board agreed, that the continued appointment of the Investment Manager on the terms set out in Note 18 in the Financial statements on pages 157 and 158 is in the interest of the Company and its shareholders as a whole.

Richard Laing

Chair, Management Engagement Committee

Remuneration

Remuneration Committee report

The fee structure for non-executive Directors should be transparent and reflect the complexity of the Company and the demands placed on the Directors.

Stephanie Hazell
Chair, Remuneration Committee

It is the responsibility of the Remuneration Committee to recommend to the Board a policy for non-executive Director remuneration, to monitor its implementation and to ensure that all payments to non-executive Directors are made in accordance with the agreed policy.

Remuneration policy

The Company's policy is that smaller, incremental increases to non-executive Director fees is a preferable approach to adjusting fees, rather than larger increases at longer frequencies.

The remuneration of each of the Directors is subject to fixed fee arrangements, and none of the Directors received any additional remuneration or incentives in respect of their services as a Director of the Company.

During the year, the Remuneration Committee reviewed the current level of the Directors' fees, taking into account the complex and challenging macroeconomic environment and inflationary rates, as well as the time spent by Directors, including but not limited to, attendance at meetings, strategy sessions, and Board calls with the Investment Manager.

The Directors' fees for the financial year to 31 March 2025 and fee increases from 1 April 2025 are as follows:

	Amount per annum to be paid from 1 April 2025 £	Amount paid in the year ended 31 March 2025 £	Amount paid in the year ended 31 March 2024 £
Directors' fees			
Richard Laing	139,000	135,000	130,000
Doug Bannister	53,500	52,000	50,000
Wendy Dorman ¹	N/A	19,154	62,000
Jennifer Dunstan ²	53,500	52,000	34,872
Milton Fernandes ³	53,500	37,267	N/A
Lisa Gordon ⁴	53,500	3,000	N/A
Stephanie Hazell	62,000	60,250	55,641
Samantha Hoe-Richardson ¹	N/A	13,901	50,000
Martin Magee	66,500	52,000	34,872

¹ Retired with effect from 4 July 2024.

² Fee payable to 3i plc.

³ Appointed with effect from 15 July 2024.

⁴ Appointed with effect from 11 March 2025.

The Committee also reviewed internal and external benchmarking reports on Director remuneration for FTSE 250 companies and, in particular, investment trusts.

After careful consideration of all evidence from its review, the Committee recommended to the Board that the fees for all roles: base fee for Directors, the Chair of the Board, the Chair of the Audit and Risk Committee, and the Senior Independent Director, be increased as set out above. This was subsequently approved by the Board to take effect from 1 April 2025.

Stephanie Hazell
Chair, Remuneration Committee
7 May 2025

Additional statutory and corporate governance information

Principal activity

The Company is a closed-ended UK investment trust that invests in infrastructure businesses and assets. The Directors do not anticipate any change in the principal activity of the Company in the foreseeable future. Its unconsolidated subsidiaries are shown in Note 19 in the Financial statements on pages 159 to 162.

Investment trust status

The Company is a UK-approved investment trust. The affairs of the Company are directed to enable it to maintain its UK tax domicile and its approved investment trust company status, which it did during the course of the year. This is managed on an ongoing basis by the Investment Manager and monitored by the Audit and Risk Committee.

Corporate governance

The Company is committed to upholding the highest standards of corporate governance. The Company observes the requirements of the AIC Code, a copy of which is available from the AIC website at www.theaic.co.uk. The provisions of the AIC Code are more appropriate for a closed-ended investment trust than the UK Code because, amongst other things, it has no executive directors and no employees.

The AIC website includes an explanation of how the AIC Code adapts the principles and provisions set out in the UK Code to make them relevant for investment companies. The Company complied with all the applicable provisions of the AIC Code for the financial year ended 31 March 2025. See page 76 for the Company's statement of compliance with the AIC Code.

Directors' duties

Details of compliance by Directors with their Directors' duties are set out on page 73.

Appointment and re-election of Directors

The appointment and re-election of Directors is governed by the Articles, the Companies (Jersey) Law 1991 and related legislation. The Articles provide that, at each AGM of the Company, all the Directors at the date of notice convening the AGM shall retire from office, and each Director may offer themselves for election or re-election. In addition, under the AIC Code, all Directors should be subject to annual election by shareholders.

As a result all Directors will retire, and will stand for election or re-election at the next AGM to be held on 3 July 2025, other than Doug Bannister who is retiring after the AGM. The Board regularly considers the independence of non-executive Directors as detailed on page 89.

Board's responsibilities and processes

The composition of the Board and its Committees, as well as the Board's key responsibilities and the way that it and its Committees work, are described on pages 82 to 85.

The Board is responsible to shareholders for the overall management of the Company and may exercise all the powers of the Company subject to the provisions of relevant statutes, the Articles and any directions given by special resolution of the shareholders.

Matters reserved for the Board

The Board has approved a formal Schedule of Matters Reserved to it and its duly authorised Committees for decision, as detailed on page 83.

Portfolio management and voting policy

In relation to unquoted investments, the Company's approach is to seek to add value to the businesses in which it invests through the extensive experience, resources and contacts of the Investment Manager's team. In relation to quoted equity investments, the Company's policy is to exercise voting rights on matters affecting the interests of the Company.

Additional statutory and corporate governance information continued

Regulation

The Company is incorporated in Jersey and is regulated by the Jersey Financial Services Commission as a collective investment fund under the Collective Investment Funds (Jersey) Law 1988. Its shares are listed in the closed-ended investment funds category of the Official List of the FCA and traded on the London Stock Exchange's Main Market.

Alternative Investment Fund Managers Regulations and Directive

For the purposes of the Alternative Investment Fund Managers Regulations 2013 (the 'Regulations') and the EU Alternative Investment Fund Managers Directive (the 'AIFMD'), the Company is an alternative investment fund ('AIF'). The Investment Manager is approved as an Alternative Investment Fund Manager ('AIFM') by the FCA for the purposes of the Regulations, and is the Company's AIFM. The Depositary is Citibank UK Limited.

The Investment Manager is a subsidiary of 3i Group and the Remuneration policy of 3i Group (which applies to the Investment Manager) was last approved by 3i Group's shareholders in 2023. Details of the Remuneration policy are set out in the 3i Group Annual report and accounts for 2023.

The disclosures required by the Investment Manager as an AIFM are contained in the Annual report and accounts of 3i Group (www.3i.com). These disclosures include the remuneration (fixed and variable) of all staff and all AIFM Identified Staff of the Investment Manager. Due to 3i Group's operational structure, the information needed to provide a further breakdown of remuneration attributable to the staff and the AIFM Identified Staff of the Investment Manager as the Company's AIFM, is not readily available and would not be relevant or reliable.

Although certain investor disclosures required by the FCA's Investment Funds sourcebook are made in this Annual report, further disclosures are summarised on the Company's website at www.3i-infrastructure.com. There have been no material changes to these disclosures during the financial year.

In accordance with Part 5 of the Regulations and the relevant requirements of the AIFMD the Investment Manager, as an AIFM, requires all relevant controlled portfolio companies to make available to employees an annual report which meets the applicable disclosure requirements.

These are available either on the portfolio company's website or through filing with the relevant local authorities.

NMPI

As a UK investment trust, the Company's shares are excluded from the FCA rules regarding the restrictions on the retail distribution of unregulated collective investment schemes and close substitutes ('non-mainstream pooled investments', or 'NMPIs') and therefore the restrictions relating to NMPIs do not apply to its shares. It is the Board's intention that the Company will continue to conduct its affairs in such a manner that it maintains its approved investment trust company status and that, accordingly, the Company's shares will continue to be excluded from the FCA's rules relating to NMPIs.

Results and dividends

The Directors recommend that a final dividend of 6.325 pence per share (2024: 5.95 pence per share) be paid in respect of the year to 31 March 2025 to shareholders on the register at the close of business on 13 June 2025. The Company has chosen to designate 5.5 pence of its final dividend as an interest distribution.

The distribution of the dividend payments between interim and final dividends is evaluated by the Board each year, according to the Company's performance, portfolio income generation and other factors, such as profits generated on the realisation of portfolio assets. The Company will be targeting a dividend for FY26 of 13.45 pence per share.

Operations and management arrangements

Details of the role and responsibilities of the Investment Manager under the Investment Management Agreement are set out in the Management Engagement Committee report on pages 102 and 103.

Other significant service arrangements

In addition to the investment management arrangements, 3i plc and 3i Investments plc (both subsidiaries of 3i Group plc), in relation to certain regulatory services, have been appointed by the Company to provide support services, including treasury and accounting services, investor relations and other support services. The amounts payable under these arrangements are described in more detail in Note 18 in the Financial statements on pages 157 and 158.

3i plc acts as Company Secretary to the Company, and Aztec Financial Services (Jersey) Limited acts as the Company's Jersey fund administrator, which includes provision of the Company's Compliance Officer, Money Laundering Compliance Officer and Money Laundering Reporting Officer.

Additional statutory and corporate governance information continued

Revolving credit facility

The Company has a £900 million RCF in order to maintain a good level of liquidity for further investment whilst minimising returns dilution from holding excessive cash balances. The RCF was refinanced in April 2025 with improved terms and now matures in June 2028. The RCF has a margin of 1.4% and a commitment fee payable on any undrawn portion.

The facility is a sustainability-linked RCF. It includes stretching targets across ESG themes aligned with the Company's purpose. Performance against these targets will adjust the margin for the subsequent year.

Share capital

The issued share capital of the Company as at 31 March 2025 was 922,350,000 ordinary shares (2024: 922,350,000). The Company does not hold any ordinary shares in treasury.

Directors' authority to buy back shares

The Company did not purchase any of its own shares during the year. The current authority of the Company to make market purchases of up to 14.99% of the issued ordinary share capital expires at the 2025 AGM. The Company will seek to renew such authority until the end of the AGM in 2026, specifying the maximum and minimum price at which shares can be bought back. Any buy back of ordinary shares will be made in accordance with Jersey law, and the making and timing of any buy backs will be at the discretion of the Directors.

Such purchases will also only be made in accordance with the UK Listing Rules of the FCA, which provide that the price paid must not be more than the higher of: (i) 5% above the average middle market quotations for the ordinary shares for the five business days before the shares are purchased; and (ii) the higher of the last independent trade and the highest current independent bid on the London Stock Exchange at such time.

Directors' indemnities

The Articles provide that, subject to the provisions of the Statutes, every Director of the Company shall be indemnified out of the assets of the Company against all liabilities and expenses incurred by him or her in the actual or purported execution or discharge of his or her duties. 'Statutes' here refers to the Companies (Jersey) Law 1991 and every other statute, regulation or order for the time being in force concerning companies registered under the Companies (Jersey) Law 1991.

In addition, the Company has entered into indemnity agreements for the benefit of its Directors and these remain in force at the date of this report. The Company also had directors' and officers' liability insurance in place in the year.

Political donations

During the year to 31 March 2025, no donations were made to political parties or organisations, or independent election candidates and no political expenditure was incurred.

Major interests in ordinary shares

As at 31 March 2025 and 30 April 2025, the Company had received notification in accordance with Chapter 5 of the FCA's Disclosure Guidance and Transparency Rules of the following notifiable interests in the voting rights in the Company's ordinary share capital:

Interest in ordinary shares	Number of ordinary shares ¹ as at 31 March 2025	% of issued share capital	Number of ordinary shares ¹ as at 30 April 2025	% of issued share capital
3i Group plc (and subsidiaries)	269,242,685	29.19%	269,242,685	29.19%
Schroders plc	50,561,734	5.48%	50,569,233	5.48%

1 Each ordinary share carries the right to one vote.

Directors' shareholdings and share interests

Details of Directors' interests (including interests of their closely associated persons) in the Company's shares as at 31 March 2025* are shown in the table below.

Directors' interests and beneficial interests	Ordinary shares at 31 March 2025	Ordinary shares at 31 March 2024
Richard Laing	43,035	43,035
Doug Bannister	26,115	20,000
Wendy Dorman	N/A	28,294
Milton Fernandes	14,823	N/A
Lisa Gordon	–	N/A
Stephanie Hazell	6,420	6,420
Samantha Hoe-Richardson	N/A	2,839
Martin Magee	12,242	9,242
Jennifer Dunstan	–	–

* There have been no changes in Directors' shareholdings and share interests since 31 March 2025.

Additional statutory and corporate governance information continued

Information included in the Strategic report

The Strategic report on pages 1 to 73 provides a review of the performance and position of the Company, together with a description of the principal risks and uncertainties that it faces. Furthermore, the Strategic report includes: the Company's risk management objectives and policies; likely future developments of the business; and the s172 statement. The Directors' Resilience statement is also shown in the Strategic report on page 70.

The Modern Slavery Act 2015

The Directors are committed to investing responsibly and note the statement made by 3i Group plc under Section 54 of the Modern Slavery Act 2015 ('MSA'), which applies to the Company's Investment Manager. The Company itself is not subject to the MSA because, amongst other things, it is a Jersey company. Further details can be found on the Company's website, www.3i-infrastructure.com.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Annual report and accounts in accordance with applicable law and regulations and those International Accounting Standards ('IFRS') which have been adopted by the UK.

As a company listed on the London Stock Exchange's Main Market, 3i Infrastructure plc is subject to the FCA's UK Listing Rules and Disclosure Guidance and Transparency Rules, as well as to all applicable laws and regulations of Jersey, where it is incorporated.

Jersey Company Law requires the Directors to prepare financial statements for each financial period in accordance with generally accepted accounting principles. The Financial statements of the Company are required by law to give a true and fair view of the state of affairs of the Company at the period end, and of the profit or loss of the Company for the period then ended.

In preparing these Financial statements, the Directors should:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable;
- specify which generally accepted accounting principles have been adopted in their preparation; and
- prepare the Financial statements on the going concern basis, unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping accounting records that are sufficient to show and explain the Company's transactions and which disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Company's Financial statements comply with the requirements of the Companies (Jersey) Law 1991.

They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are also responsible for preparing the Annual report and accounts and the Directors confirm that they consider that, taken as a whole, the Annual report and accounts are fair, balanced and understandable and provide the information necessary for shareholders to assess the Company's performance, business model and strategy.

The Directors confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each Director has taken all the steps that he or she ought to have taken as a Director to make him or herself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

In accordance with the FCA's Disclosure Guidance and Transparency Rules, the Directors confirm to the best of their knowledge that:

- the Financial statements, prepared in accordance with applicable accounting standards, give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company taken as a whole; and
- the Annual report and accounts includes a fair review of the development and performance of the business and the position of the Company taken as a whole, together with a description of the principal risks and uncertainties faced by the Company.

The Directors of the Company and their functions are listed on pages 77 and 78 and pages 82 to 85.

The Directors have acknowledged their responsibilities in relation to the Financial statements for the year to 31 March 2025.
