Managing infrastructure investments is about creating and maintaining value over the long term

Building the core portfolio – Investing in LNI (1)

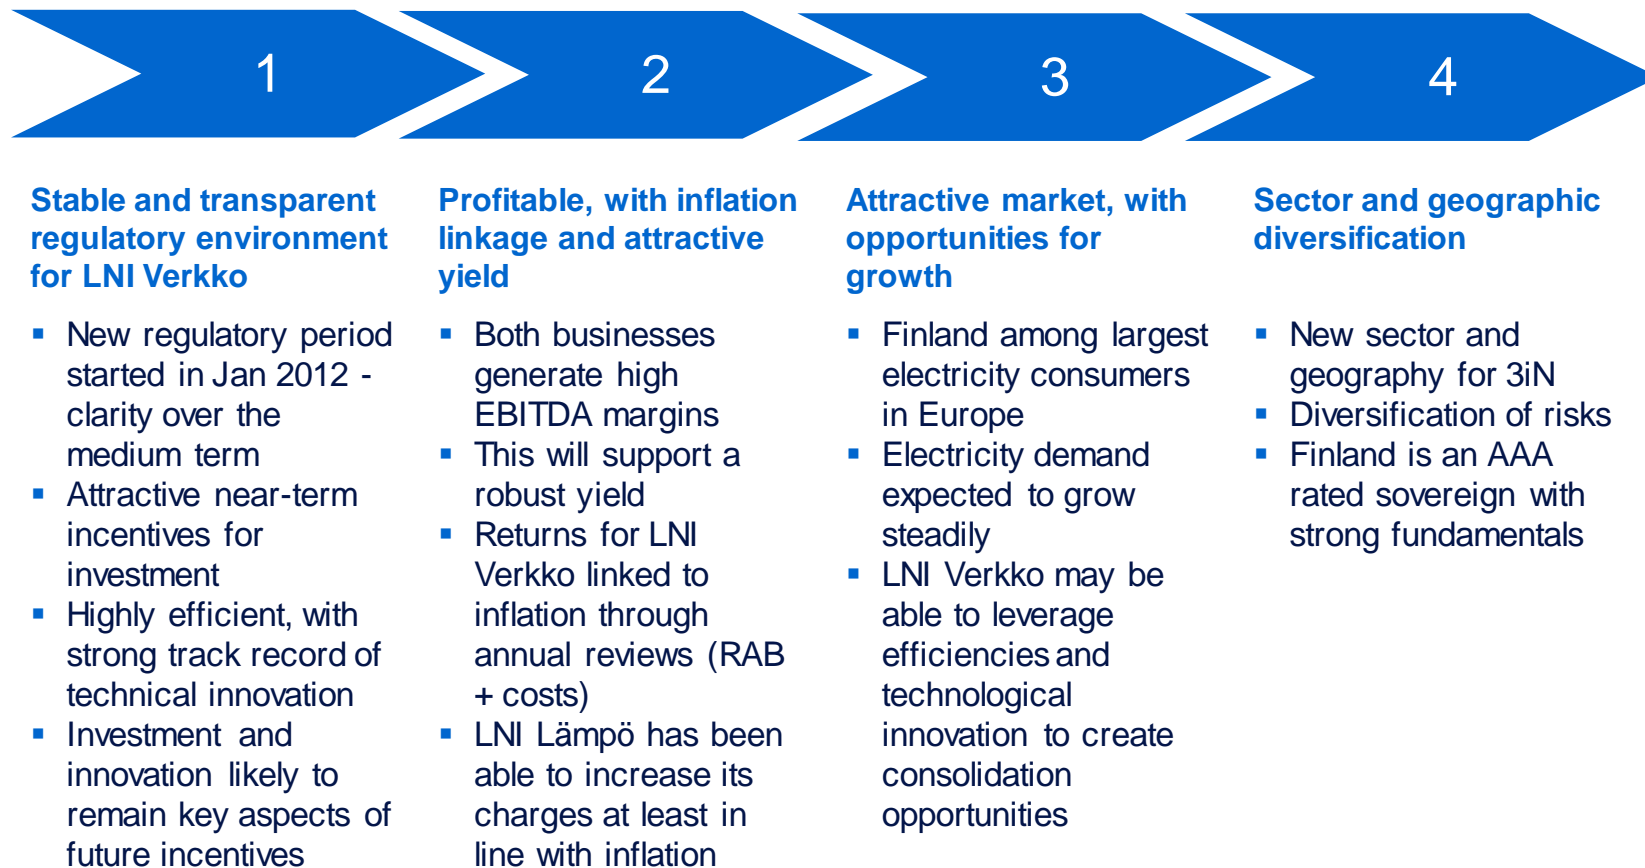

The businesses

- LNI Verkkö (~85% of value)
 - second largest electricity distribution network in Finland, with a 12% market share
 - serves around 400,000 customers in SW Finland
 - regulated on a 4-year cycle
- LNI Lämpö (~15% of value)
 - operates 17 district heating businesses
 - strong market position in its localities

Attractive businesses with strong fundamentals

Building the core portfolio – Investing in LNI (2)

A compelling investment case, confirmed through the implementation of our 100-day post acquisition plan

Building the core portfolio – Investing in LNI (3)

Executing the deal

- Identified opportunity early, and began working on it before a formal process was started, with
 - a stable consortium and banking group
 - advisers (including strong local advisers) on board
 - dialogue with management already underway

Investment structure

- Acquired from Vattenfall AB in January 2012 for an EV of ~€1.54bn, as part of a consortium comprising
 - 3i Infrastructure (39%) and 3i Group (6%)
 - GS Infrastructure Partners (45%)
 - Ilmarinen Mutual Pension Insurance Company (10%)

Early mover advantage was key to winning the deal

- Good income in the year
- Significant capex to help mitigate the impact of drought
- Adoption of private sewers well managed
- Progress in implementation of the regulatory settlement
- Strong rankings in customer satisfaction surveys

Continued improvements in operational performance

- Shareholders have supported:
 - early capex to help mitigate impact of drought
 - stronger focus on reducing leakage
 - drive to improve health & safety and environmental performance
 - continued emphasis on operational efficiency and customer service
- Implementation of 5-year business plan (>£2bn capex vs £5bn RAB at start of AMP5) ahead of regulatory determination

Alignment of interests

- Long-term incentive plans for executive management changed post acquisition, with link to long-term value
- Annual incentive scheme links to financial and operational objectives, as well as personal objectives
- All employees able to participate in cash savings scheme linked to long-term value

Eversholt

Operational highlights for the year

- Completed acceptance of 380 fleet for First Scotrail (£187m investment)
- Completed first refranchising since investment for Greater Anglia franchise for three years
- EBITDA up 11.4% compared to previous year
- Strong performance allowed Eversholt to repay part of its shareholder loan in addition to making regular dividend / interest payments

Strategies that support growth in the long term

- New Siemens 380 fleet delivered in the year
- Shareholders assessing opportunities to
 - add further trains to the overall fleet
 - invest in existing trains to extend useful life and improve service

Alignment of interests

- Combination of two different long-term schemes put in place post acquisition
 - one linked exclusively to value (for top management)
 - the other having both value and operational objectives (for wider management team)

Oystercatcher

Operational highlights for the year

- All three terminals performed in line with or ahead of expectations
- Storage capacity fully let in the year, with strong contract renewal rates and high throughput levels
- Market conditions less favourable, due to shallower forward curve and lower volatility
- Expansion projects in Malta and Amsterdam completed
- Work on refinancing of acquisition debt facility underway

Strategies that support growth in the long term

- Investment Adviser involved in the assessment of a range of capital expenditure project proposals
- Since investing
 - total storage capacity at the three terminals increased by 23%
 - throughput increased by 22%

Social infrastructure investments

Operational highlights for the year

Elgin

- Good levels of income
- All 16 projects performing in line with the investment case
- Service providers performing well
- No significant operational issues in the year

Octagon

- Good operational and financial performance
- Strong relationship with NHS Trust and Serco maintained
- Serco continues to provide good levels of service
- Unannounced inspection by the Care Quality Commission concluded that hospital meets all essential quality and safety standards inspected

Alpha Schools

- All schools operating well and providing high standard facilities
- Financial performance in line with expectations
- Performance deductions levied in the year relating to construction snagging items, passed through to the contractors
- Alpha Schools worked with the Council, facilities services provider and building contractor to resolve these issues

3i India Infrastructure Fund

Operational highlights for the year

3i Infrastructure plc

Power sector

- Performance negatively affected by
 - coal shortage in India
 - merchant power prices
 - pricing achieved on PPAs
- Government directed Coal India to sign supply agreements with power plants with a majority of offtake tied up in long-term PPAs
 - this covers Adani and GVK
 - Ind-Barath Utkal working on increasing long-term PPAs

Roads sector

- For KMC Roads and Soma, 517km of road projects began tolling during the year, taking total of roads tolling to 1,050km
- Advances in construction of other projects
- 455km of new projects awarded during the year

Port sector

- Krishnapatnam Port continued to be affected by the iron ore export ban
- Non iron ore cargo volumes have continued to grow over the year, as it changes its cargo mix

Macroeconomic and market environment challenging

3i Infrastructure plc

Portfolio cash flows (five years since inception, £m)

Strong cash generation and profitable disposals proving valuations

Challenging conditions for investment

- Overall M&A volumes down and markets remain volatile
- Uncertain outlook for growth
- Competition for assets from financial and trade buyers

But

- Several large deals completed, including LNI
- Debt still available for strong infrastructure assets
- Robust performance for asset class

✓ Networked in our markets

- Target chosen opportunities early
- Build relationships with intermediaries, providers of finance and investing partners

✓ Strongly focused on core opportunities

- Sector knowledge
- Understanding of market dynamics

✓ Disciplined on pricing

- Clarity on long-term value drivers
- Mindful of competitive dynamics

✓ Portfolio resilience across the cycle

- Inflation linkage
- Strong sovereigns
- Long-term capex supporting growth

Summary for the year

- Total return of 5.6% underpinned by a robust yield
- Strong performance from core portfolio
 - yield on opening value of 12.9% (ex-LNI)
- India Fund weighed on returns
 - adverse macro and market conditions
 - underlying asset performance stable
- Investment in LNI a key event
 - attractive core asset
 - will contribute to yield from next year

Core portfolio delivering steady returns for shareholders
